

## Ultrapeel® Transderm® Ionto System

### ADVANCED MICRODERMABRASION AND TRANSDERMAL DELIVERY SYSTEMS WITH PATENTED TECHNOLOGY

The following patent numbers have been issued to Mattioli Engineering.

- 5,810,842**     Equipment for microdermabrasion through a flow of an air/reducing substances mix
- 5,954,730**     Mixing bottle for dermabrasion treatment and method of using
- 6,039,745**     Equipment for microdermoabrasion through a flow of air/reducing substances mix and relative handpiece
- 6,120,512**     Dermabrasion apparatus having disposable sterilized components
- 6,149,634**     Collecting bottle for dermabrasion treatment
- 6,368,333**     V-Shaped hand piece for dermabrasion
- 6,306,147**     Dermabrasion by a flow of reducing substances and having disposable sterilized components
- 6,322,568**     Dermabrasion by a flow of reducing substances and having disposable sterilized components
- 20020147467**     Method and Apparatus for skin absorption enhancement and cellulite reduction
- 20020147466**     Method and Apparatus for skin absorption enhancement and cellulite reduction

- 20020147465** Method and Apparatus for skin absorption enhancement
- 20020107529** Dermabrasion Apparatus and method having oval-shaped mixing bottle
- 20020043520** Method and Apparatus for plasma skin resurfacing
- 20020002392** Method and Apparatus for skin brown spot removal and collagen formation.

- Also, The United States Food and Drug Administration (FDA) cleared the Ultrapeel® Microdermabrasion Systems for sale in the United States on December 9<sup>th</sup>, 1996 and the Transderm® Ionto System in Dec. 2003 and for the additional vibration feature in October 2004.

The following studies have been conducted in association with FDA clearance and according to FDA requirements:

- Dermal Toxicity Study performed by Biocon, Inc., Rockville, MD
- Medical reports prepared by Dr. L. Marini, Dr. R. LoBrutto, Dr. A. Canella, Dr. S. Rosato
- University of Florence studies on Lidocaine delivery

In addition, Mattioli Engineering has been inspected and is compliant with GMP standards. The Ultrapeel® Microdermabrasion Systems are CE marked.

Mattioli Engineering, by means of its attorney council, is actively defending its patent rights and fighting infringing on the various patents.

“Ultrapeel®”, “Ultrapièce®”, “A new science in Skin Care®”, “Aesthipeel®” and “Dermoelectroporation®” are registered by Mattioli Engineering, and can only be used to describe our products.

Your Sincerely

Gian Franco Bernabei

President and CEO.
